CALL FOR PARTICIPATION

Join DISC2025, a forward-looking international conference bringing together students, researchers, and professionals from the fields of environmental engineering, occupational safety and health, sustainable project management, civil engineering, and education 3.0.

Under the theme "Sustainability in Action", DISC2025 goes beyond theory, connecting academia, industry, and the public sector through interactive panels, workshops, and an exhibition of sustainable solutions.

This year's edition highlights real-world applications of the Green Agenda, ESG principles, circular economy, and digital innovation in engineering and management practice.

CONFERENCE TRACKS

- Environmental Protection and Sustainability
- Occupational Safety and Health
- Sustainable Project Management
- Strategic Human Resource and Business Management
- Civil Engineering and Infrastructure
- Education 3.0 – Digital and Inclusive Learning

Participant can submit up to 2 abstracts – [abstract template](#).

KEY DATES

- Registration opens: **18th November**
- Abstract submission deadline: **8th December**
